

1-103.26 Replenishment part.

A part, repairable or consumable, purchased after provisioning of that part, for: replacement; replenishment of stock; or use in the maintenance, overhaul, and repair of equipment such as aircraft, engines, ships, tanks, vehicles, guns and missiles, ground communications and electronic systems, ground support, and test equipment. As used in the breakout program, except when distinction is necessary, the term “part” includes subassemblies, components, and subsystems as defined by the current version of MIL-STD-280.
